The Mason LINE

by Chan Mason

We read in the Review of the revival of the Broadway Improvement Association in Lemon Grove. We also hear vague mention of meetings to be held attendance to which is evidently to be limited to those fortunate few possessing invitations.

It is our recollection that a committee was formed a couple of years ago from "The Men's Club" (membership open to all) for much the same purpose; i.e., establishing a center line, setback, sidewalks, curbings, etc. At that time, however, the plan was to include the entire thoroughfare from College to Campo Road. We now hear the plan is to start the improvement at Massachusetts and end it at Kempf.

Did we hear someone mention incorporation again? Incorporate what?

—M L—

Now that we're in this particularly bad mood we might as well meddle in San Diego's problems as well. (It never fails, after a guy writes a newspaper column or two, he immediately becomes an expert on everything.)

Nevertheless, we can't see the logic behind the statement made by Superintendent of S. D. Schools Daillard "That the actions of ten youths involved in a recent school riot should not result in penalizing 23,000 fine San Diego youngsters by cancelling night games."

If ten kids have caused all the reported trouble since September, it would appear that they should have been apprehended before now.

—M L—

It was just a year ago in October that we first complained about our local high schools having to play night football in San Diego. There were troubles then and they were passed off as being caused by juveniles who were not attending high school.

We fail to see the point in minimizing the problem. In several cases, it's come mighty close to murder. We received an eyewitness account of more than ten S. D. juvenile hoodlums who roared out here in their hot rods trying to start trouble at Helix recently.

—M L—

It's all right to study and attempt to eliminate the causes for these troubles. It's also all well and good to withhold the names of juveniles involved in crimes—but frankly we think the public has a right to have a complete report of the crimes and what punishment, if any, criminals receive.

—M L—

It would seem that the time is here for the formation of a Citizen Advisory Committee which could be composed of laymen, school officials, students, juvenile authorities and law officers. Certainly, law and order must be restored and immediate protection provided for our honest, law-abiding younger citizens.

PENALTY IS 100% OF FEE ON AUTO LICENSE AFTER SATURDAY

Lemon Grove motorists were alerted today to avoid penalties on their 1956 license plates by securing their registration renewals before midnight, Saturday.

To give late applicants an extra margin of time, the department announces it will keep all of its University office open on Saturday to 5 p.m.

Applications mailed Saturday evening with a postmark earlier than midnight will be accepted as penalty-free.

Penalties set up in state laws double the flat $8 annual registration fee imposed on all vehicles, thus increasing this portion of the fee to $16. And the law increases the license fee portion of the total by 50 per cent when it is paid after the penalty deadline. Fee statements issued by the department show the combined amounts as a single total.

Banks that have offered limited service in metropolitan areas for private passenger car owners paying fees with 1956 statement cards, will close their vehicle registration operations Friday at 6 p.m.

Persons mailing their applications to Department of Motor Vehicles, Sacramento, are cautioned to forward the entire statement card with their fees. The stub must not be detached. It will be returned by the department after the registration is renewed.

Polio Shots for Servicemen's Dependents

Polio vaccinations will be given to servicemen's dependents living in the San Diego area starting this week, U. S. Naval Hospital, San Diego, announced today.

If entitled to dependent care, expectant mothers and children between six months and 15 years will be given the vaccine if requested. Service personnel may obtain reply-type registration cards for their dependents at their duty station or at the Naval Hospital. Mothers or expectant mothers in the San Diego area whose husbands are at distant commands may obtain registration cards at the hospital.

After processing the registration cards, appointment cards will be mailed, reserving earliest vaccinations for those who have received none previously and for those whose registrations are received earliest.

At Our Civic Center

By DICK HENDERSON

The board of supervisors voted to support construction of an alternate inland Highway 101 that would swing around the eastern city limits from Leucadia area to the Mexican border. The proposal ties in with routes generally approved by San Diego city council and several South Bay civic groups.

The proposed route joins the present freeway south of Carlsbad and would run inland to Sorrento canyon, then swing east to Highway 395 near Murphy Canyon, south through Murphy Canyon and staying generally east of San Diego, National City and Chula Vista to the border.

The board approved the sites for branch health centers to be constructed in Escondido, Chula Vista, El Cajon and Oceanside.

The one-story centers will be constructed on county land, and will adjoin present county branch office building sites.

Dr. J. B. Askew, city-county health director, said the centers will be constructed as part of a program financed by the city, county, state and federal governments. The county also will build a million dollar health center at the civic center.

The El Cajon building will be between Douglas and Lexington Avenues on Magnolia. Construction is expected to start this year.

The long awaited special report to the board on the welfare agency was received and considered at a special meeting on Wednesday.

The report recommended a complete overhaul of the welfare department, and further recommended that supervisors should be given the responsibility of appointing the county welfare director. This report, prepared by L. J. Kroeger and Associates of San Francisco, was ordered by the supervisors and included an analysis of the department.

The report also urged a county charter change which would make the county welfare board an advisory body rather than an administrative body.

The supervisors voted to refer the report to the county welfare board for report and recommendations.

Supervisor Frank Gibson, a member of the welfare board, said the board should have plenty of time to study the report. He moved to ask the welfare board for a report at the earliest possible date, which was approved by the supervisors.

"The (welfare) department is suffering from an acute case of inertia, complicated by a lack of dynamic administrative leadership, and just now, compounded by a persecution complex," the report said. It continued:

"The remedy is to instill into all levels a spirit which will constantly seek a full understanding of the community needs in the field of public welfare, which will fully join and work with the total county government team, and which will eagerly question existing concepts, practices and procedures, give fair hearing to proposals for change, and willingly implement those reasonably justified."

The report recommended that the board of supervisors be authorized by the county charter to appoint the welfare director.

Quiet Prevails:

An atmosphere of tension, with nobody sayin' "nothin'" was prevalent in the assessor's office, seemingly a result of a petition, instituted by H. P. Requa, chief deputy and circulated by Ed King, a supervisory employee, and other supervisory employees.

The petition was headed "We, the undersigned employees of San Diego County Assessor's office have the highest respect for Arthur C. Eddy, County Assessor. We believe that his character is above reproach and that he is honest in his dealings.

"He has demonstrated time and again his unselfish interest in the welfare of taxpayers in this county and also in the state of California. At great personal sacrifice he has worked for legislation which will be of benefit to property owners nationwide.

Signed,
H. P. Requa
etc."

This "petition" was circulated January 10 and 11. It was not signed by all the employees approached. Report has it that some signed under pressure and some refused to sign. One woman wanted to read the "petition" twice before signing it.

It is reported that most of the clerks and appraisers in the Real Estate Division refused to sign.

The Dimmer VIEW

By MAX GOODWIN

There's a fiesta in the future of the people in the county area although some may not have heard about it yet.

The Fiesta del Pacifico will be held in July of this year and annually thereafter. It is destined to become one of the world's major attractions, to be no less distinguished than the Mardi Gras in New Orleans, the Rose Parade of Pasadena and Old Spanish Day of Santa Barbara.

The fiesta is advertised as a $1,000,000 project, but if payment had to be made for time of such stalwarts as Ewart Goodwin, George Scott, Allen Sutherland and some other mighty important San Diego people who are working free of charge, it could easily be a two million dollar event.

Fiesta del Pacifico will feature the story of California as it occurred in the San Diego area. Historically it will be accurate. Collateral attractions pinpointing our climate, seashore, bayfront, vacationland, desertland, cattleland and the pulchritude of our females are also scheduled. It will be a month long affair with more than 45,000 persons participating. It is expected to double the tourist population during the month it makes its debut.

Balboa Park will be the setting for the major theme but every one of our tourist areas will have attractions. While it is planned for the city proper, county areas can easily join in profitably.

There are several reasons why county areas should join in.

First, visitors must pass through county areas to get to San Diego. That means new dollars for gas and oil, lodging, food and other tourist needs.

Secondly, almost every county community has a major event of its own every year. The Lemon Grove Rodeo and Fiesta is a case in point. These events, coordinated with Fiesta del Pacifico, would attract hundreds of patrons who would not otherwise be here to enjoy the attraction, and carry word back about the climate, charm and friendliness of our community. Tickets and brochure could be distributed through fiesta headquarters. Important too, Fiesta del Pacifico is going to be televised nationwide . . . in color. That should attract some of the after-the-fiesta tourist business into the county of those taking vacations after the fiesta is done. It will help prove that there is more to Southern California than Los Angeles, Hollywood and Pasadena. These visitors will contribute to the general area's economy and that makes it good for everyone from the school grade youngster to the retired oldster . . . for tax on the money the torist spends need not be extracted from the like of me and you.

The stakes are not small in this venture. Last year Mr. and Mrs. Joe Tourist and his sons and daughters left more than a hundred million dollars in the country. That means as much as two million dollars may be attracted here this year. Almost no business is immune from getting some of these dollars. All of that means a little higher economy for our community.

Additionally, Fiesta del Pacifico looks like it's going to be fun.

If You Own a Trailer You've Got to Register it

Trailer coach owners were reminded today that they must register this type of vehicle even if it is not used for travel purposes.

This is a new vehicle code amendment which became effective last September.

New law calls for payment of fees and penalties by the registered owner if he did not obtain a license for the vehicle in 1955. If the person does not register and license the vehicle before the current February 4 deadline, he will have to pay fees and penalties for 1955 and 1956.

Registration and licensing of trailer coaches are mandatory even though the owner may have filed a "certificate of non-operation," which prior to the new amendment exempted him from license fees.

Spring Valley Couple 'Adopt' Latvian Boy

Mr. and Mrs. Walter K. Jenkins of 3650 S. Granada, have "adopted Peteris Graudims, a ten year old Latvian boy, living in Germany, through Foster Parents' Plan for War Children, Inc., it was announced last week by plan headquarters at 43 West 61st St., New York City, 23.

"Home" for Peteris has always been a dreary DP camp. His parents' story is a familiar one of misery and insecurity brought about through the war. Both suffered bitterly through the war years and first met in an UNRRA camp after the liberation.

The father had been deported for forced labor to Germany in 1942, and the mother had fled from Latvia with the advance of the Soviet troops.

As time went on, the father, the mother and Peteris all contracted TB, but recuperated. There are two other children besides Peteris.

The family exists on a monthly grant from public assistance of $66.35, and lives in two rooms and a kitchen, barely furnished. They have made a good impression despite their poverty. Clothing is inadequate and bedding poor.

Plan aid will assure Peteris in his adoption of better food and decent clothing. He is an alert, responsive boy with blue eyes and blond hair. He speaks both Latvian and German.

Foster Parents' Plan has cared for more than 75,000 war children. It is now operating in Belgium, England, France, Western Germany, Greece, Holland, Italy and Korea, and is helping unfortunate and impoverished children of 19 different nationalities without regard to race or creed.

The plan has recently established field headquarters in Korea to bring aid and rehabilitation to the thousands of needy children.

Foster Parents' Plan for War Children does not do mass relief; each child is treated as an individual. "Adoption" is financial, not legal. The foster parent merely promises to contribute $15.00 monthly toward the child's support, for at least a year. In return, the foster parent receives a brief history of the child and a photograph, and correspondence through the plan office is encouraged, since the children need the feeling of being loved and belonging to someone, someplace.

POLIO STRIKES NON-IMMUNIZED CHILDREN IN COUNTY 2 TO 1

More than 26,000 children in San Diego County in the five to nine years age group were immunized last year by Salk vaccine poliomyelitis innoculations. There were nine cases of polio in this group.

Thirty thousand were not immunized. There were 20 cases of polio in this group.

Copenhagen is a Friendly City, Says Roving Reporter

By HENRI LELEU

This is the second in a series of articles by Henri LeLeu, a San Diego newspaperman traveling in Europe.

COPENHAGEN (Spcl.)—If you are one of the millions of American tourists who plan to invade Europe this summer, here's a friendly, practical tip for you. Bring along a roll of your favorite American-type "bathroom tissue." Your hotel may provide you with electrically heated bath towel racks, but the more necessary bathroom commodity will be less pliable than the present day cover of a Sears, Roebuck catalog.

All Europe is getting ready to receive the hoards of American tourists, who have already solidly booked up the space on ships and aircraft. Denmark is no exception. Plans are already underway to give a face-lifting to the world famous Tivoli Park, being careful at the same time not to spoil the delightful old world charm of this unique amusement center. Some hotels in Copenhagen have taken advantage of the quiet winter season to rehabilitate, making them more modern and attractive as well as comfortable and a shade more expensive.

Copenhagen, which ever since the end of the occupation, has been known as the "Paris of the North," has always been conscious of its position as "host" to its many visitors. One daily newspaper includes an English section each day during the summer months, so that the English speaking visitor will be able to keep informed of world events. Theatre-restaurants are booking in famous American and continental entertainers and dance bands. No tourist to Denmark will find this city dull this summer.

Homes Open

A unique program in Copenhagen has already received favorable comment throughout the world. This is a service of the National Travel Association of Denmark, which arranges introductions with Danish citizens. Danes are never happier than when they are entertaining "foreigners" in their homes. They enjoy exchanging ideas, and most of all I think, they relish the opportunity to speak a foreign language. Preferably, English.

If you are an American banker and wish to exchange banking ideas with a Dane, an introduction will be arranged for you to meet a Danish banker and you will be invited to his home as a guest. No matter what your profession or occupation is at home, you can meet a Dane in a similar position in Denmark. These introductions usually result in a cherished friendship that is everlasting.

For a people who are informal, Danes are quite formal in many things. For instance, men raise their hats to one another in the street, and everybody shakes hands on all possible occasions. A conductor on a tram or bus says "vaer saa god" (which means please) when handing you a receipt or transfer, and a waiter would never omit this formality when he sets your food before you at a restaurant. In connection with that most important matter in Denmark—eating and drinking — there are numerous formalities seldom ignored even in the most informal circles. For instance, one of the worst things which can be said of anyone is that he or she forgets his or her "tak for sidst," (thanks for last time). This is said when next you see your host or hostess, whether this be the next day, next week or next month. If you want to be specially polite you can phone the next day to say "tak for sidst."

Unlike France and Spain, American tourists will not run up against the language barrier in Copenhagen. Most everyone in the cities can speak some English, and will lose no opportunity to do so, as soon as they discover that you are an American tourist. All Danes like to talk, and the only thing they like better is talking English.

ADULT GUN TRAINING PROGRAM SET FOR HELIX

For the first time, a course for adult hunters is open as part of the Grossmont Adult school program. The class, "Hunter's Safety — Firearms Training and Use," taught by Rodney Pease, will meet in room 5 at Helix High School on Thursdays from 7 to 9 p.m. Registration takes place at the first session, and is an instructor's course for adults.

Mr. Pease has had training in the U. S. Training School of Small Arms and at the State of California Ordnance School. He has been training in the use of firearms since 1922. From 1930-1950, he was instructor of firearms for the San Diego Police Department. Pease retired in 1950.

The class starts January 26.

TEEN-AGE VIEWPOINT

'JUVENILE JERKS' MUST GO SAYS TURNBULL

"Give 'em the axe" is probably a strong term to use when urging the courts of law in San Diego to take stern measures against these youthful San Diego gangs. Nonetheless it records the feelings of many, many civic-minded people who can't even attend a school athletic contest in peace any more. It is with the hope in mind that our school leaders, police and judges take an iron hand to these "childish jerks" who enjoy themselves at the cost of others.

We can only thank our heavenly savior that these various gang beatings after night basketball and football tilts haven't reached the point where you start counting the dead and not the injured. But unless something isn't done post-haste I'm afraid this is only the beginning of things to come.

To be honest with each other there isn't too much difference between gangs of today and yesteryear. Only today they have increased several times over, naturally, because our nation's population has increased. But today the gangs use knives, brass knuckles, razor-sharp rings, chains, and sometimes a gun. Back a few decades they weren't quite so modernized with their armament.

You parents of high school students in the Heartland Area can be thankful you live out in the county. Helix and Grossmont are bitter rivals, true, but after a game regardless of who wins, they go home friends, or they all go to an after-game dance together. Rivalry ends after the gun has sounded for the end of an athletic battle.

It all adds up to San Diego High School being the almost complete contributory to gangs and their "senseless" warfare. I've spent one and a half years on the San Diego High School campus (attending San Diego Junior College) and have seen for myself what makes the high school students tick. The majority of the loyal Cavemen are fine students, but, as the old saying goes, it's the few who make it tough on the multitude.

I respect any race, creed or religion as well as the next fellow, but to honestly put the facts before the public you'll find most of your "dangerous juvenile delinquents," the ones that kick children stricken with polio, beat up middle-aged women, smash cars needlessly, molest and maul girls, and other atrocities too numerous to mention, belong to minority races. At least they are the ones to reach headlines in the paper. This last incident following the San Diego-Hoover basketball game wound up with ten Negroes in detention home. There are the facts—you as parents help make a decision! They are your children who may be hurt, or even yourself.

I'm just wondering how much more of this nonsense the public will put up with. I was really struck with anger when I read one of the daily blahs state that "these immature gangsters kicked a nine-year-old boy who was stricken with polio and then molested his mother when she vainly tried to aid her injured son." Brother, that's all!

METHODIST CIRCLE GROUP TO RAISE MONEY

Greater Accuracy Sought By P.O.

The post office is attempting to reduce the number of letters delayed by being "missent' by postal employees, local postmaster Frenchy Faucher said this week.

In a letter directed to all postal personnel, C. M. Christensen, national vice president of Post Office Clerks national fraternity, pointed out that while missent letters are the exception rather than the rule it is true that some letters are incorrectly cased or pouched by postal employees.

He called for greater accuracy through proper concentration and pointed out that public confidence and goodwill through such actions are necessary for beneficial legislation.

Thus accuracy, he said, would pay dividends.

22,000 Phones in Area Exchange

Nearly 35,000 Pacific Telephone employees in Southern California paused only long enough to catch their breath after a busy 1955 before plunging into an even busier 1956.

James S. Cantlen, L. A. vice president and general manager, said the firm gained 200,000 telephones in the Southland during the year.

"Here in our exchange the share of the gain amounted to 2,631, for a total of 22,302 telephones at year's end," manager C. H. Muller said today.

The January 1 total of 2,345,000 telephones in Pacific's Southern California areas was about one for every 2½ persons and more than double the number in 1945. Another quarter-million will be added during 1956.

A record $161 million will be spent in the seven Southland counties to expand and improve the service. Current plant investment totals $800 million.

The network of cable and wire blanketing the area will be extended by six billion conductor feet.

Manager Muller made some quick calculations and said "If those wires were laid end to end they'd circle the earth 240,000 times.

"It's an odd thing, though. Despite the requirement for all that investment and the millions of calls handled daily, our customers' average transaction with the company comes to less than a dime."

They Finally Found a Use for That Sawhorse in the Rear of Rella's

Burglars broke into Rella's Shoe Store, 7860 Broadway, Sunday night and made off with approximately $40 in change after gaining entrance through a rear window. A sawhorse, left under the window for several years, took part in the invitation to enter.

The burglar tried on several pairs of boots, size 12, before leaving. He took no shoes.

'JOLLY ROGER' PACK 318 HAS PIRATE PARTY

The "Jolly Roger" was flying high at Friendship Hall last week at the pack meeting of Cub Pack 318. The monthly theme for the Cubs has been "Pirates," and the boys came attired in their idea of how pirates looked, with eye patches, long mustaches, swords, and swashbuckling clothes. Robert Wilber is Cubmaster.

The presentation of colors was by Den 3, Mrs. Marge Heath, den mother. Invocation was given by committeeman John Gomes.

Mrs. Marie Kepner, the new den mother of Den 7, was welcomed, along with Bobcats Bobby Brown, Ricky Kepner, and Jimmy Gallup, in Den 7, and Tommy McClure in Den 5, Mrs. Lysett Stumbaugh, den mother.

The advancement and achievement ceremony was presented by Cubmaster Wilber and assistant Harvey Pace.

Larry Hill graduated into the Boy Scouts. Pirate skits were dramatized by the boys of Den 2, Mrs. Virginia Rusk, den mother; and Den 8, Mrs. Mae Skinner, den mother.

Closing ceremony was conducted by Den 1, in which Mrs. Alice Wilber is den mother. Refreshments were served by the mothers of Den 4 and Den 5.

The two sexes mutually corrupt and improve each other.

MRS. CARLTON IS FOOD SPECIALIST REPORTER SAYS

The Special Purpose Food Shop, Mrs. T. R. Carlton, prop. and manager, carries a full line of foods prescribed by physicians for folks on a diet. If Mrs. Carlton does not have the particular food you doctor says you must eat, she will get it, almost before the next meal.

And in this connection, if you want to go on a diet, take your prescription and see Mrs. Carlton. She does not prescribe nor diagnose, but she will furnish the food prescribed.

And if any of y'all are on a reducing diet, she has bread that one slice has only 12 calories, while the average slice of bread has 50 to 100 calories. Also, she has a jelly, one spoonful, one calory. There you have it, two slices of bread and five spoonsful of jelly, and your breakfast is taken care of, and your weight reduced.

Mrs. Carlton has a little book that tells all about calories and the number of them in each article of food. The little book costs a quarter, but you can look it over for free. Or, if you care to, call up Mrs. Carlton, HO 9-9329, or call on her at 7894 Broadway, in Lemon Grove. It will make you hungry just to see the nice stock of eatables that will help you reduce.—D. H.

STATE SEEKS EXPERTS IN REHABILITATION OF HANDICAPPED WORKERS

The California state government expects to appoint new vocational rehabilitation officers at several points, and will hold a civil service examination early in March to qualify interested persons, the state personnel board said.

The job is officially known as Vocational Rehabilitation Officer I and pays $395 to $481 a month. Candidates must have two years' full time experience in specified vocational placement, selection, counseling or rehabilitation work or in social casework.

College graduation also is a requirement but additional experience may be substituted for education on a year-for-year basis.

These officers work in the state department of education. Their services to the handicapped are primarily job placement, but they also arrange tests, training, medical treatment and give other assistance. Positions exist in various parts of the state and sometimes involve travel in the assigned area.

Information and application forms are available from the department of employment offices on Columbia Street.

There are more well-pleased old women than old men.

Pack 399 Discovers Pirate Treasure in Achievement Awards

By DR. ROBERT BURNS

The members of Cub Pack 399 commandeered more gold and silver in the form of awards than any privateer from the Spanish Main at the pack meeting last Friday night. The Monterey Heights Buccaneers who shared in the booty were very proud if not so bloodthirsty in accepting these honors. Their salty captain, Cubmaster Johnny Ott, picked his teeth with a cutlass as he divided the loot to the deserving members of his crew. Awards were Lion: David Carpenter, Tom Langpap, Steve Kerner, and Teddie Rowley. Bear: Billy Roesler and Bobby Wilson. Wolf—David Mugg, Sandy Finkelman, Mike Lybrand, Ray James, Steve Porter, Denner Steve Jurchenko and Skippy Chappel. Assistant Denner, Allen Hobbs and Mike Buckner. Silver Arrow: Ronnie Haas, Tom Longpap, Mike Wylie, Jackie Leathers, John Pipes, John Rowley, John Weber, Gailand Nichols, Paul Weber, Peter Martin. Gold Arrow: Sandy Finkleman, Bobbie Wilson, Tom Langpap and Teddie Rowley. Den 9 made it unanimous in receiving Silver Arrows for the entire den at the same time.

Refreshments were by Dens 2, 3 and 8, and the month's attendance flag was presented to Den 8.

The Monterey Heights Academy Awards go to Dens 4 and 9 for the sterling portrayals of the pirate crews in the monthly theatrical production. Set in the depths of a very realistic jungle atmosphere, this gripping drama brought together two rival groups of buccaneers, engaged in mortal combat over that most elusive sea chest of treasure. Armed to the teeth with swords, pistols and one slingshot, they emote such blood chilling screams and fought so fiercely that the audience was paralyzed by fear and the walls shook with the din of the fray. Both factions apparently fought themselves out in the end and divided up the loot, but it was noted that the contents of the chest did not satisfy the combatants nearly so well as the refreshments that followed the meeting.

SLEEPING PILLS GO TO DOG, TOO

St. Petersburg, Fla.—Frank Tufaro arrived home about 5 p.m. to find his wife in a dazed condition and their pet dog almost dead. Mrs. Tufaro told her husband she had taken 28 sleeping pills and had given the dog 12. Given treatment, they are both recovering.

WAR GAMES FATAL TO BOY

North Sacramento, Calif.—Jimmy Whitley, 13, and his brother, Michael, 10, were playing war. Using a small shed, containing gasoline, kerosene, paint thinner and paint as their ammo-dump, there was a sudden fire, trapping Jimmy inside. Firemen found a fireworks cap which they presumed started the fire. Jimmy was burned to death.

Ratner Recommends . . . the following two classicals for your record collection: "Gieseking Plays DeBussy" on the Angel label, and Beethoven's "Appassionata" and "Pathetique" by Arthur Rubenstein (Victor).

Record Round-Up . . . Here are this week's top five pop records as compiled by Ratner Electric, 8th and Broadway in downtown San Diego:

"Sixteen Tons" by Tennessee Ernie, "Memories Are Made of This" by Dean Martin, "I Hear You Knockin'" by Gale Storm, "Love and Marriage" by Frank Sinatra and "Lisbon Antigua" by Nelson Riddle's fine organization.

Top selling classical: Verdi's "Aida" by Andre Kostellanetz. Jazz album of the week: "An Afternoon at Birdland" by Kai Winding and J. J. Johnson (X).

Pop Albums . . .More popular albums that can be found both upstairs and down at Ratner's are:

June Valli has out her first "starring" LP entitled "The Torch" and she does it justice. June is a specialist in blues, her deep-voiced renditions of such requited-love songs as "My Man," "Bill," "All Alone," "Body and Soul" and eight others. (Victor.)

"Harry James on Hi-Fi" (Capitol), similar to "Benny Goodman on Hi-Fi," features the musician's most famous tunes, re-recorded in high-fidelity. Helen Forrest, James' early-day vocalist, even rejoins him on "It's Been a Long, Long Time" and "I Cry for You," while Harry himself displays unbeatable trumpet artistry on "Trumpet Blues," "You Made Me Love You," "Jealousy," "Two O'clock Jump" and others.

Junior Clubwomen Sponsor Art Exhibit

San Diego County's first art show for junior clubwomen will be sponsored by the Lemon Grove Junior Woman's Club.

The show is being planned for a two-week period beginning March 4 in the gallery of the Men's Art Institute, in the House of Charm, Balboa Park.

Mrs. William Miller, art chairman of the juniors, is in charge of arrangements. "Any amateur artist on the roster of a club in the County Federation of Junior Women's Club is welcome to exhibit her work," Mrs. Billy Castle, club president, has announced.

The exhibit will be in two main categories, paintings and floral arrangements. Paintings will be separated into oil, water color and pastel groupings.

Three San Diego artists have been asked to serve as judges and award ribbons for the three best entries in each group. A trophy will be given for the best all-around club exhibit.

A tea is planned for the afternoon from 2 to 4 on Sunday, March 4, when the exhibit opens. The public is invited to both functions.

The front half of the gallery of the Men's Art Institute has been allocated for the Juniors' exhibit in the House of Charm, which is the building just west of the statue of El Cid, the man on the horse.—D. H.

Mystery Proves to Be Telephone Box

For some time past we have noticed continual patronage by S. D. Gas and Electric employees of the box, which has a strong padlock attached, on the tall pole in front of the REVIEW office, across the street.

Curiosity finally overcame our shyness, and we approached a gentleman sitting in a little Gasco truck and asked him how come? He said, "That little arrangement saves the company money every day. There's a telephone in the box, and there are at least five, sometimes more drivers of these trucks who have to report in five times a day. A public phone call costs a dime, and takes considerable time. I tried for months to get the company to install a phone here, and finally got some action.

"Re-arrangement of the wires on that pole, necessitated by Pal's Restaurant blowing a fuse every time some patron dropped a nickle in the nickleodeon revealed a short, so we had a phone installed and now the boys, when reporting to El Cajon from this area, come here and open the box with their key and get free phone service."

We neglected to get the gentleman's name, but he used to be a property owner in Lemon Grove, and is still bemoaning a good buy he missed.—D. H.

Dinner Worth 55c If You Feed Employees

SACRAMENTO, Dec. 29—The 1955 schedule of taxable values of meals served to employees as part of their wages will remain in effect during 1956, Charles Barta, chief employment tax auditor of the department of employment, announced today.

"Meals which are part of an employee's wages are taxable under the California Unemployment Insurance Code," Barta explained. "The taxable value of meals is $1.15 for three meals a day. Taxable value of separate meals is 25 cents for breakfast, 35 cents for lunch, 55 cents for dinner, and 40 cents for a meal not identifiable as either breakfast, lunch or dinner."

Barta said that this schedule of values does not apply where higher values are stipulated in a union agreement or contract of employment or are established in compliance with any applicable law governing minimum wages. In such cases, the higher values will apply.

Bank Puts On Electronics Show and Luncheon for County Press

County publishers were guests at the First National Bank last week at a luncheon-electronics machine exhibition. Local host was Jack Koop, manager of the Lemon Grove branch of the organization. Anderson Borthwick, bank president, was downtown host.

Center of attraction were new electronics machines which Borthwick said would improve customer service, reduce time lag on analytical reports and cut down by hours bookkeeping time on many elements of banking business.

One series of machines involving punched cards can sort 650 accounts a minute, collate 240 cards a minute and calculate in four hours what formerly took 40 hours. An accounting machine reproduces 12,000 characters a minute, prints statements and other reports.

Borthwick also said that First National did more business, handled more accounts and made more last year than any time in its history.

He also stated that the county press was at the level at which news took shape to a majority of readers. An increase of 250% in advertising volume in the county press was announced by George Sears, First National Bank's vice president in charge of advertising.

Luncheon was served in the bank's board of directors room. Half dollars, the last produced at the San Francisco mint in 1954, were distributed as souvenirs.

Other officers are: second vice president, Emil Caldwell of Spring Valley, active in Homeland community organization, club planning and membership drives; treasurer, Mrs. Charlotte Phillips, Spring Valley, credited and honored for her work in the precincts, publicity, fund raising and development of the Democratic programs in the 77th A. HOUSEWIFE IS AREA HEART FUND CHAIRMAN

"New Hope for Hearts" is the slogan adopted this year for the San Diego County Heart Association $100,000 heart disease drive.

Mrs. J. A. Vogel, a housewife, 3421 Kenora Drive, has been named area chairman.

There will be no house solicitation this year, she said. Sixty six per cent of all funds pledges would be applied here on research, education and community service and for continued maintenance of the Heart Center in Sharp Hospital and Mercy's Vascular Test Center.

Mrs. Vogel urged local residents to "Consider the success of the drive their responsibility, too, inasmuch as the benefits of the Heart Association work and the facilities of the Heart Center are open to everyone in the county."

Mrs. Vogel said that Lemon Grove and Spring Valley had contributed $584 last year. Goal this year is $800, she said.

CALIFORNIA EMPLOYMENT AGENCIES ASSOCIATION ELECTS NEW OFFICERS

The California Employment Agencies Association elected their 1956 officers and directors at a meeting in December at Los Angeles.

Roland Earle Watts, owner of the Long Employment Agency, a private agency in San Diego, was recently elected to the board of directors for the Southern District of the California Employment Agencies Association. Mr. Watts assumed owner-manager of the Long Employment Agency, a long-established firm, in January 1955, and since that time has been a valuable member of the CEAA and the San Diego Employment Agencies Association.

Others elected to office were H. A. Prophet of the Academy Agencies, Los Angeles, president; Leo A. Hill of the Select Personnel Agency of Long Beach, vice president; Robert J. Schwarz of the Schwarz Employment Agencies of San Bernardino, secretary, and Edward Yamato of the Yamato Employment Agency of Los Angeles, treasurer.

The goal of the California Employment Agencies Association is to provide the best possible personnel and employment assistance to the employers of California. They aid in removing unemployed persons from the tax rolls and place them in permanent positions fitted to their abilities and needs at no cost to the taxpayers of the state.

Roller Derby Moves To New Home

The combination of a new, permanent home, warm temperatures, and a faster skating surface will be available to Roller Derby fans who have followed the San Diego Clippers during their weekly games at Lane Field despite chilly evening weather.

These improvements will be found at the Mission Beach Ballroom beginning on Friday, February 3, in the remodeled building that will assume the name of Mission Beach Arena.

A limited number of seats are available in this new location, but every seat will give the fans an unobstructed view of the entire track, and all of the blocking, scoring and fighting that takes place during an average evening of banked track activity. The Roller Derby management is suggesting that persons phone HU 8-0689 as soon as possible to get the really choice seat locations. A select number of balcony seats will go on sale the 27th of January, and are expected to be the most popular vantage point from which to watch America's fastest growing sport.

Lemon Grove Building Construction Still in Second Place In County

Lemon Grove, which has been a perennial construction leader among unincorporated areas since World War II, held on to second place last year, with 649 permits valued at $2,876,619, ahead of neighboring Helix with 311 permits valued at $2,620,785. Lemon Grove built more homes than Helix, 202, but the residential valuation was lower, $1,939,975.

Total of all construction in the entire unincorporated area of San Diego county in 1955 was $34,301-355, compared with $30,257,523 in 1954.

Another large subdivision in Lemon Grove area is projected. Watler Bollenbacher and Louis Kelton, developers of Allied Gardens, have purchased 120 acres east of Monterey Heights and near Spring Valley from Ambrose Co. for a reported price of $360,000. The property, bounded by Jamacha Road and Sweetwater avenue, is to be re-surveyed for home building purposes.

SV Couple Celebrates Fifty-First Wedding Anniversary

Mr. and Mrs. O. F. (Olen and Emma) Keith of 3345 Helix Street, Spring Valley, celebrated their fifty-first wedding anniversary last Sunday, January 29. They were married in Hope, Arkansas in 1905.

While residing in Arkansas, Mr. Keith was in the lumber business. In 1926 they moved to Amarillo, Texas, where Mr. Keith went into the ice business. They moved to San Diego in 1942 and to Spring Valley in 1955. Mr. Keith is now retired.

Nine children blessed the Keith family. Six are still living. Five are living in San Diego and one in Sacramento. The San Diegans are E. D. Keith, M. R. Keith, H. M. Keith, O. F. Keith Jr., and Mrs. E. C. Alvarado. Mrs. Grace Marquis resides in Sacramento. There are nine grandchildren.

BEAUTY SHOP FOR PETS OPENS

A pet beauty shop, known as the "Personally Yours," and incidentally the only one of its kind in the area, has opened for business in one end of the Spring Creek Pet Shop, Willowside and Campo. Owner and operator is John Monroe, a long time resident of Spring Valley, who has had 27 years of experience with dogs and cats, as a professional handler.

Using all modern equipment, Mr. Monroe can de-flea, de-lice or de-skunk your dog or cat. He specializies in bathing of young puppies and the trimming of poodles. Another feature is the de-fleaing and grooming of cats.

Mr. Monroe says all his work is guaranteed, and you are welcome to come in at any time to discuss the problems of your pets. There is no charge for this service. He will start an obedience class in the spring.

Hours for the Personally Yours shop are Wednesdays and Sundays, 8 a.m. until ? The week days are from 7 p.m. until ? All pets entering the establishment are insured.

People are judged by the company they keep and by the company from which they keep away.

KNOCKED OFF UTILITY POLE; FALLS 30 FEET

Horst Molter of 615 Ryko St., San Diego, was injured when he was knocked off a utility pole and fell 30 feet. He was working in front of 8414 Dexter Dr. when a truck crane hooked a guy wire, shaking him off the platform he was working on, it was reported by L. C. Earnest, deputy sheriff. Molter was taken to a San Diego clinic and treated for severe bruises.—D. H.

Homelands Club Elects Paul Hamm President

The Homelands Country Club Incorporated, at their January meeting in the Casa de Oro School, elected the following officers for the ensuing year:

Paul Hamm, president; Howard Ware, vice president; Thelma Walton, secretary; Betty Ware, treasurer. The board of directors are Roy Ashe, Quinton Tindall, Ken Green, Eileen Copeland and Roy Kiersey.

Memberships (families) are now open for those in the Homelands area. The membership is for the Homelands swimming pool on Campo Road. The club has a limit of 35 families membership, and the head of the family must be a home owner in the Homelands area. There is no age limit on the children, as long as they are still living at home. There is an initiation fee of $150 and yearly dues of $36.

Improvements on the club's holdings last year included a patio, showers and rest rooms. The pool has been in operation since 1943 when the club was formed.

ISABELLA LOVE BURIED AT FT. ROSECRANS

Isabella Love, 62, 7070 Broadway, died January 21 and was buried at Ft. Rosecrans.

She is survived by her husband, Lt. Cdr. (ret.) Daniel Love. She is the mother of Mrs. Louise Pells, Orange, Texas; Mrs. Mary E. McCandless, San Diego; Mrs. Elizabeth Williamson, Vista and Daniel T. Love of El Cajon.

Graveside services were conducted at Ft. Rosecrans. Arrangements were handled by Conrad Mortuary.

Newspaper Ads Help Increase Deposits

BOSTON (Spcl.) — Newspaper advertising helped increase deposits of the Provident Institution for Savings, George L. Wrenn, president, reported to the trustees.

"A considerable portion of the past year's increase of $28,300,000 in the Provident's deposits," he said, "can be traced directly to newspaper advertising, of which the Provident has been a consistent user throughout the year."

A campaign for banking by mail, with a query coupon placed in newspaper ads, was a fig factor in increasing deposits, Mr. Wrenn said.

Plans Under Way for Baptist Simultaneous Revivals

Bob G. Rochelle, pastor of the First Baptist Church of Lemon Grove, will be attending a state Evangelistic Conference at Fresno this next Tuesday through Thursday. Some 500 pastors and educational directors of the California Southern Baptist Churches are expected to attend this meeting. The purpose of these evangelistic conferences, which are held throughout the Southern Baptist Convention, is to equip and prepare the pastors and leaders for the Simultaneous Revival Meetings which will be conducted in the churches in April.

Throwin' The Bull

By BOB TURNBULL

It's a Joke, Son! . . . "Give me a sentence with the word fiddlestick in it." "If the bed I sleep in isn't long enough my fiddlestick out."

—o—

The Latest in Fads . . . Hoops have come back again real strong this year in most San Diego high schools, states B. G. of Hoover High School. . . . Girls in Massachusetts are wearing knee-high plaid and argyle socks to classrooms. . . . Negro girls in the Philippine Islands are writing the names of their favorite boys on their shoes. The boys are cutting their hair right down to the scalp. . . . In Alabama girls are wearing ribbons in their school colors to football games.

—o—

Platter Parade . . . Here are this week's top five popular tunes as compiled by Ratner Electric, 8th and Broadway in San Diego: "Memories are Made of This" by "Crooner" Martin, "The Great Pretender" by the Platters, "It's Almost Tomorrow" by the Dream Weavers, "Lisbon Antigua" by Nelson Riddle and "Band of Gold" by Don Cherry.

—o—

Altar Arrests . . . Congrats to senior Alene Wilson of Helix High School who is engaged to Larry Farrell, son of Mr. and Mrs. Oliver E. Farrell of 2146 Bonita, Lemon Grove. . . . Congrats to another Highlander, Mary Lines, who is engaged to wed David Mossholder. . . . Also congrats to Phyllis May and Don Ogle, former Helixers, who are presently engaged.

—o—

Perfect Cheerleader . . . In my estimation here is the perfect cheerleader (girl, of course): She should be a real hep doll, bubbling over with personality, pretty face, shapely figure, intelligent, and with a car, not having to be optional. She should be five feet 3 inches in height and weigh about 105. Of course she should sport blue eyes and blonde (real) hair. She should measure about 35-22-34, complete with classy shoes and skirt, and loaded with pom-pons.

—o—

Perfect (?) Cheerleader . . . According to "Dig" magazine (America's coolest teenage magazine) this is the perfect cheerleader:

This "creep" hasn't been reincarnated yet. She should have yellow eyes and dandruffy hair. She should weigh 327 pounds and measure out to a nice 13-64-72, complete with knock knees and flat feet. (Oh! This crazy, mixed-up world.)

—o—

Just for Young People . . . There's no age at which a kid cannot ask for parental support. Some children may need help at 30, others are independent at 16.

Final plans for the Camellia Show for February 11 and 12 in the Electric Building, Balboa Park, will be discussed. Blossom display will also be a feature of the program. Visitors are cordially invited to attend.

MRS. HENSLEY IS SAN MIGUEL PTA FOUNDERS DAY CHAIRMAN

The San Miguel PTA will have their Founders' Day program Thursday evening, February 9, at the San Miguel Cafetorium. Mrs. H. L. Hensley is Founders' Day chairman, and she has arranged for a very interesting evening. The topic of the meeting will be "Our Past Builds Our Future." Mrs. Elizabeth Bunch will give a history of the PTA in Lemon Grove. Special music has been planned to add to the enjoyment of the evening. Several past presidents are expected to attend. It is hoped that all San Miguel parents will be present at this program.

The slogan of the 1956 Heart Fund is "Help Your Heart Fund —Help Your Heart."

PARENTS URGED TO ATTEND COORDINATING COUNCIL

With so much juvenile delinquency going on in the San Diego area, it is imperative that parents take more interest in the well being of their growing children.

Mrs. Thelma Lewis, president of the Spring Valley Coordinating Council, urges all of these parents in the Spring Valley area to attend the council meeting in the Pals and Gals Clubhouse on Tuesday evening, February 7 at 7:30 p.m. Discussion of this very vital subject will be the topic of the evening.

Parents are urged to keep open the date of February 29, when town hall meetings on juvenile delinquency will be held in all high schools throughout the county. This will be followed by a meeting in Balboa Park on March 10.

SCHOOL MUSIC TEACHERS ATTEND CONFERENCE IN SAN GABRIEL

Local music teachers of the Lemon Grove Schools attended sessions of the mid-winter conference for members of the Southern California Music Educators Association in San Gabriel, Saturday, January 14. Mrs. Ada Krimsky, elementary music supervisor, Mrs. Sue Tougaw, junior high teacher, and Paul Cheatham, instrumental director, met in the new San Gabriel High School for sectional meetings on elementary music, folk song concerts, and other phases of the music program in public schools.

They enjoyed programs presented by Long Beach, Los Angeles, and Beaumont student groups who were represented by glee clubs, orchestras, bands and choirs.

Engagement of Two Grove Young People Announced

Mr. and Mrs. Jess H. Wilson of 2122 Main St., announce the engagement of their daughter, Alene, to Laurence E. Farrell, son of Mr. and Mrs. Oliver E. Farrell of 2146 Bonita. Both are Lemon Grove residents.

Miss Wilson is a senior at Helix High School. A summer wedding is planned.—D. H.

CHRISTIAN SCIENCE LESSON-SERMON ON 'SPIRIT'

The subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, is "Spirit."

St. Paul in his first epistle to the Corinthians (12:8, 9), enumerates the different ways that Spirit, God, is expressed by man. He says, "For to one is given by the Spirit the word of wisdom; to another the word of knowledge by the same Spirit; To another faith by the same Spirit; to another the gifts of healing by the same Spirit."

More Babies, Mostly Girls, Arrive At Grossmont

The stork is still flying from this area to Grossmont Hospital. Lemon Grove furnished the only boy in the bunch, while Spring Valley furnished three girls.

Total number of births at Grossmont between January 2 through Jan. 15 was 33.

The only Lemon Grove boy baby came to Mr. and Mrs. William Thomas of 3307 Vista Ave., and the youngster weighed 8 lbs. 10¾ oz.

The three Spring Valley girls were:

To Mr. and Mrs. Raymond Turner, 8701 Jamacha Road, a miss weighing 6 lbs. 3½ oz.

To Mr. and Mrs. David Downing, 10459 Madrid Way, a little queen weighing 6 lbs. 1 oz.

To Mr. and Mrs. John Hill, 7448 Waite Drive, a husky little miss weighing 7 lbs. 14 oz.

To Mr. and Mrs. John Campbell, 2041 El Dora, Lemon Grove, a huskier, weighing 8 lbs. 9½ oz.

Looks like Lemon Grove and Spring Valley ought to get together and incorporate. Then we could annex Casa de Oro and have a real city, and La Mesa could annex to San Diego and quit nibbling at our pie—D. H.

TWO GROVE STUDENTS AMONG 223 SCHEDULED TO GRADUATE AT STATE

Two Lemon Grove students are candidates for graduation from San Diego State College this semester.

Winfield Albert Dean, 3819 Roso Tierraro, an industrial arts major, will receive a Bachelor of Arts degree. Elizabeth Higgins, 7883 San Miguel, will receive a B.A. in teacher education and a general elementary credential. She has a major in education and a minor in social science.

The faculty approved 223 candidates for graduation, subject to completion of this semester's work. Graduates may take part in June commencement if they wish, for there will be no mid-term ceremonies.

MAN MAKES QUILTS

Royal, Neb.—Elmer E. Haskins, retired 75 year old farmer, spends his time, since his wife died, in making baby quilts and giving them to hospitals as gifts to new mothers. He makes only one qualification for his gift—the baby getting one must be born on February 8—his own birthday. So far he has given away 22 quilts.
